A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

VOLUME 1 A-CO

This report is the result of a program of the Environmental Emergencies Technology Division. This unedited version is undergoing a limited distribution to transfer the results to people working in related research.

It has not undergone rigorous technical review by the Technical Services Branch and it does not necessarily reflect the views and policies of Environment Canada.

Any comments concerning its content should be directed to:

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

Acknowledgements

References for this bibliography were obtained from a number of computer-based literature searches conducted during the time period, 1980 - 1982. The project was initiated and managed by M. Cloutier. Computer coding was performed by Mrs. L. Roach. Mr. D. Roy and Mrs. A. Rescorla provided invaluable clerical support through the production of this work.

Format

This bibliography contains over 2,000 references which have been compiled using a computer system. Authors and keywords are arranged alphabetically throughout this bibliography. Readers are advised to check for the particular keyword of interest, plus its plural and other forms of the word, eg., its verb, adjective, etc. Compound names such as place names or those of biological species, will be indexed in this bibliography as separate words.

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

VOLUME 2 CO-HE

This report is the result of a program of the Environmental Emergencies Technology Division. This unedited version is undergoing a limited distribution to transfer the results to people working in related research.

It has not undergone rigorous technical review by the Technical Services Branch and it does not necessarily reflect the views and policies of Environment Canada.

Any comments concerning its content should be directed to:

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

Acknowledgements

References for this bibliography were obtained from a number of computer-based literature searches conducted during the time period, 1980 - 1982. The project was initiated and managed by M. Cloutier. Computer coding was performed by Mrs. L. Roach. Mr. D. Roy and Mrs. A. Rescorla provided invaluable clerical support through the production of this work.

Format

This bibliography contains over 2,000 references which have been compiled using a computer system. Authors and keywords are arranged alphabetically throughout this bibliography. Readers are advised to check for the particular keyword of interest, plus its plural and other forms of the word, eg., its verb, adjective, etc. Compound names such as place names or those of biological species, will be indexed in this bibliography as separate words.

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

VOLUME 3 HE-MI

This report is the result of a program of the Environmental Emergencies Technology Division. This unedited version is undergoing a limited distribution to transfer the results to people working in related research.

It has not undergone rigorous technical review by the Technical Services Branch and it does not necessarily reflect the views and policies of Environment Canada.

Any comments concerning its content should be directed to:

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

Acknowledgements

References for this bibliography were obtained from a number of computer-based literature searches conducted during the time period, 1980 - 1982. The project was initiated and managed by M. Cloutier. Computer coding was performed by Mrs. L. Roach. Mr. D. Roy and Mrs. A. Rescorla provided invaluable clerical support through the production of this work.

Format

This bibliography contains over 2,000 references which have been compiled using a computer system. Authors and keywords are arranged alphabetically throughout this bibliography. Readers are advised to check for the particular keyword of interest, plus its plural and other forms of the word, eg., its verb, adjective, etc. Compound names such as place names or those of biological species, will be indexed in this bibliography as separate words.

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

VOLUME 4 MI-RI

This report is the result of a program of the Environmental Emergencies Technology Division. This unedited version is undergoing a limited distribution to transfer the results to people working in related research.

It has not undergone rigorous technical review by the Technical Services Branch and it does not necessarily reflect the views and policies of Environment Canada.

Any comments concerning its content should be directed to:

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

Acknowledgements

References for this bibliography were obtained from a number of computer-based literature searches conducted during the time period, 1980 - 1982. The project was initiated and managed by M. Cloutier. Computer coding was performed by Mrs. L. Roach. Mr. D. Roy and Mrs. A. Rescorla provided invaluable clerical support through the production of this work.

Format

This bibliography contains over 2,000 references which have been compiled using a computer system. Authors and keywords are arranged alphabetically throughout this bibliography. Readers are advised to check for the particular keyword of interest, plus its plural and other forms of the word, eg., its verb, adjective, etc. Compound names such as place names or those of biological species, will be indexed in this bibliography as separate words.

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

VOLUME 5 RI-Z, 1-9

This report is the result of a program of the Environmental Emergencies Technology Division. This unedited version is undergoing a limited distribution to transfer the results to people working in related research.

It has not undergone rigorous technical review by the Technical Services Branch and it does not necessarily reflect the views and policies of Environment Canada.

Any comments concerning its content should be directed to:

A BIBLIOGRAPHY ON HAZARDOUS MATERIAL SPILLS; 1980 - 1982

Acknowledgements

References for this bibliography were obtained from a number of computer-based literature searches conducted during the time period, 1980 - 1982. The project was initiated and managed by M. Cloutier. Computer coding was performed by Mrs. L. Roach. Mr. D. Roy and Mrs. A. Rescorla provided invaluable clerical support through the production of this work.

Format

This bibliography contains over 2,000 references which have been compiled using a computer system. Authors and keywords are arranged alphabetically throughout this bibliography. Readers are advised to check for the particular keyword of interest, plus its plural and other forms of the word, eg., its verb, adjective, etc. Compound names such as place names or those of biological species, will be indexed in this bibliography as separate words.
